

MOHIT BAGRIA

Cyber Security Lead | Security Operations & Cyber Defense

Managing Cyber Defence Across South East Asia & India Region

CONTACTS

- +91 7820848280
- mohitsec96@gmail.com
- Bengaluru, India
- [LinkedIn](#)

SKILLS

- Project Management
- Executive Presentations
- People Management
- Risk-Based Decision Making
- Ethical Judgement & Integrity
- Budget Planning, Optimization & Management

CERTIFICATES

- AWS Solution Architect
- EC-Council ECSA
- EC-Council CEH
- Splunk Advanced
- DataDog Advanced
- Malware Analysis

INTERESTS

- Writing Poetry
- Cricket

PROFESSIONAL SUMMARY

Cybersecurity leader with 7.5+ years of experience driving enterprise security operations, incident response, cloud security, governance, and cyber defense initiatives across India and Southeast Asia. Proven track record in building scalable cybersecurity programs, improving organizational security posture, leading & driving security transformation initiatives, and managing enterprise risk and compliance. Led executive stakeholder communication, vendor management, budget optimization, and cross-functional security operations within fast-paced enterprise environments.

PROFESSIONAL EXPERIENCE

- Led a high-performing cybersecurity incident response team, leveraging AI-driven capabilities to manage end-to-end security operations across Southeast Asia and India.
- Improved organizational security maturity score from 0 to 4.2/5 within two years through implementation of security governance, detection engineering, vulnerability management, and cloud security controls.
- Spearheaded the security tools onboarding lifecycle process from POC, onboarding, budgeting, implementation, and integrations.
- Managed regulatory incident reporting to the SEC, PDPC, PDPA, CERT-In, and other government entities.
- Led vulnerability management program, CI/CD security, and maturity by code review and secret scan.
- Implemented multi-cloud security posture management, CNAPP, WAF, and Zero Trust security controls to strengthen enterprise cloud security and improve threat visibility.
- Led enterprise risk compliance initiatives, managing security audits and risk registers that improved audit readiness and regulatory compliance.
- Led in managing organizational changes, acquisitions, and business mergers.

PROPERTYGURU GROUP

Jun 2023 - Present

Security Lead Engineer

MEESHO

Apr 2022 - May 2023

Senior Security Engineer

Fair Isaac Software Private Limited (FICO)

Jan 2019 - Mar 2022

Cyber Security Engineer - L2, L1, Intern

EDUCATION

Masters Specialised In Information Security

2016 - 2019

Jain University, Bengaluru | University Gold Medalist

CGPA: 8.7/10

Bachelor of Computer Application

2013 - 2016

Bikaner University, Rajasthan

Percentage: 78%

SECURITY TECHNOLOGIES & TOOLS

- **AI Intelligence** - MS Copilot, SentinelOne Purple AI, ChatGPT Enterprise, Claude, GitHub Copilot
- **Endpoint & Cloud Security** - SentinelOne XDR, CrowdStrike, Microsoft Defender for Endpoint
- **Network & Email Security** - Sophos Firewall, Cloudflare, Zscaler Web Gateway, KnowBe4, Proofpoint TAP
- **SIEM/SOAR** - SentinelOne AI SIEM, Datadog, Splunk, Coralogix, SnowBit, Cortex XSOAR
- **DLP/CASB** - Zscaler, Netskope, Google Workspace, Code42
- **EASM/Brand Reputation/Threat Intel** - Mandiant, ImmuniWeb, Intsigths, Flashpoint, Reposify
- **BugBounty & Vulnerability Management** - Acunetix, Burp Suite, YesWeHack, DefectDojo
- **Secure Coding & Scanning** - SonarQube, Checkov, Trivy
- **Program Management** - Jira, ServiceNow, PagerDuty, Slack, Opsgenie, Vertice

LEADERSHIP HIGHLIGHTS

- Led centralized cyber defense operations across Southeast Asia & India
- Improved enterprise security maturity from 1.3 to 4.6/5
- Reduced false-positive alerts volume by 63.27% in 1 month and logs optimization volume reduced by 78.36%
- Collaborating with 07+ engineering/business teams
- Led risk compliance, IR, cloud security, and governance initiatives
- Managed enterprise-scale security transformation programs
- Dealing with Legal Team on Incident Response to PDPC, CERT-In, CSA

- **AI Intelligence & Automation**
 - Agentic AI for Automated Log Analysis & Reporting
 - Automated SOC Workflow to accelerate threat detection, triage, and response
 - Enrich security alerts with threat intelligence, improving detection accuracy
 - Accelerate malware analysis, IOC extraction
 - AI to generate incident reports, post-incident reviews, executive summaries

RECOGNITIONS

- Received Spotlight Award (Q1 2026) for excellence in cyber defense operations
- Recognized for innovation and automation initiatives through Guru Stars & Spot Awards
- Invited speaker at cybersecurity seminars and academic institutions
- Recognized as a collaborative security leader and incident response specialist
- Contributed to strengthening enterprise cyber resilience across Southeast Asia and India
